

## *God is raising up the new underdog team*

*By John Horner*

*There is simply an amazing pattern to be seen all the way through the Word of God. God (thru His servants) sets himself up to be the one that looks like He is going to lose the battles. Webster's defines underdog as "a person who is expected to lose in a contest or conflict." There is no clearer memory of an underdog in my mind than the North Carolina State basketball team in the NCAA championship in 1986. Being a senior in high school, and on the basketball team, I didn't watch the whole championship game, but my teammates must have shown me the last 30 seconds of that game 20 times. North Carolina State was the stated underdog and was down by one point with about 6 seconds to bring the ball down the court and try to win. With heavy full court press from the opposing team, N.C. State got it past half court, and with about 3 seconds left the guard threw up a "hail mary" from just past the half court line. There was that gasp from the crowded thousands with a little sorrow as most could see that the ball was going to fall a little short of the goal. Then out of nowhere, came Lorenzo Charles. A virtual nobody until he grabbed that ball at rim height, (even the best cameras then could hardly tell where he came from), like it was an alley-oop pass, slammed it, and the rest is history.*

*God sets the odds even higher against himself, just to get more love and glory from his fans--the remnant church. All the way thru His Word, He sets the odds so completely against Himself, that when He wins, there is uproar in Heaven, and on Earth, and even in Hell. He loves to show off His power. Can you blame Him? I mean, really, if you could speak the Rockies into existence, could you resist showing a few people? Let's face it: God can do anything He wants and He is totally justified for doing it, and owes no explanation to anyone, but will usually offer one thru His written or spoken Word. But we ought to praise Him night and day for His Word so that we, the Christ-seekin' remnant, can gain understanding, as Daniel had to fast and pray to get, into the next giant-to-underdog battle.*

*He clearly spoke to me, "Do not forget what my Son's coming will be likened to, and do not forget that we are the same yesterday, today, and forever." He also said, "The next great giant-to-underdog battles are beginning." God as the O.T. underdog is visible in almost every O.T. and N.T. book. All we really need, to understand this crucial revelation, is Noah. God*

knew what He was doing when He purposely had never sent any rain down on the earth from the skies. Then He tells Noah to build an "ark" to save 8 people from a worldwide "flood". Noah had to be wondering what an "ark" and a "flood" were since nothing like either had ever been seen. But Noah was obedient to the words of God.

Now, this is important: the Word records that there were at least 1656 years from Adam's creation to when the floodwaters came on the earth. There is no way of knowing how many people were around that geographical area by the time of the flood; when I studied this in college, I heard the estimates in the hundreds of thousands, to maybe even a few million. Being conservative, lets say there were only three hundred thousand. God chose a family of 8 (out of at least 200,000) to build him something that would cause them to be mocked, persecuted, and maybe even threatened. **God, knowing that this task of faith would bring unending insult and derision, demanded it anyway. God isn't stupid--He knew that Noah's faith in His words would cause him and his family to pay a huge price. Imagine a family of 8 building a larger-than-football-sized "boat" in a metropolis, and claiming that a dangerous water was coming. Can you imagine the scorn and ridicule that even the primitive media would've piled up against this family? This was our Father's forerunner underdog family--being mocked for at least 70 years all the way to the judgment day.**

I Peter 3 records that "God waited patiently in the days of Noah while the ark was being built." He waited while his underdogs were being insulted, and He waited for anyone to repent from being the huge majority persecutors to the tiny remnant lovers of truth. Can you almost hear the shouts? "You're telling me, Noah, that God told you to trust that, to avoid what?!?" And God let the world's mockery go on for at least 70 years (from God's decree to Noah to build the ark, all three sons were married. They were born to Noah in his 500th year; so if they married anywhere in their 30's to their 40's, and the flood came in Noah's 600th year, the mockery and slander went on for at least 70 years). But then, after much mockery, and Noah having to "condemn" (Hebr. 11:7) the world and all it's mockery, God jumped into the game on the underdog's team. The displeasure He had over all the violence in the pre-flood world turned into pleasure as He watched His little underdog family team living by total faith in Him, not even having a clue where He was taking them. Risky? Yes and no. In the world's eyes, yes; in undivided hearts, no. Do you think Noah got a trial run in his new rig before the big day? Probably not. God loves the remnant underdogs--and we haven't seen anything yet. This was

*God's forerunner underdog family. How can we know that God will have other forerunner underdog families before another coming? Because God **said** that He would; he said it later in Isaiah, and uses Noah as the pattern; then He says it again a few hundred years later in Ezekiel, using Noah again; and to finalize this prophetic cornerstone pattern, he unequivocally states it thru His Son in Matt 24:37-44. With some understanding of God's forerunner underdog family, we should look at the other three passages to get God's mind in these critical days.*

*In Isaiah 54, God is revealing a future glorious state for His deserted wife. He then says that He, in compassion, will bring His deserted wife back to himself; and that this time period would resemble the days of Noah. Verse nine God himself says, "To me this (time period) is like the days of Noah . . . ."*

*In Ezekiel chapter 14 we find yet another unveiling of God's prophetic underdog truths. God reveals to Ezekiel that if He determines to destroy a country because it is "unfaithful", to kill their men and beast thru a plague, etc., that even if Noah, Daniel, and Job were in the country, their righteousness would only deliver them from the calamity. All these men were prophetic underdogs of faith, and faced harsh derision for simply believing what God had said. (How in the world could we think that we wouldn't?)*

*There have been many significant words given of the coming judgment on America. God is preparing his Noah underdog companies, to be consistent with how He moves. He has shown me the two biggest giants we will have to face the derision from in a prophetic picture--a giant M&M. The two giants are Media and Medicine. Just like the M&M appears nice and shiny, and tastes good at first, so will the media appear nice and shiny at first, and medicine good at first. But just like that M&M is chemically altered "food", not made by the hand of God to nourish the body, and ultimately harmful to the teeth and body, so will M&M have to be defeated by the minority who know the truth and Truth. (Wanna see what I mean for sure? Eat a handful of M&M's everyday for a year, and you'll feel at least your teeth rebuke you; however, eat a handful of raisins everyday for the rest of your life, and your teeth, heart, and body will be grateful!)*

*This is a serious war, and the Lord has told me to tell His people to get off of the cruise ship and on to the battle ship.*

*Both media and medicine are being driven by one thing--the lust for more Mammon/money. The Lord then showed me that they are demonically driven for one final*

*purpose--the media wants to wash your mind out of any truth (which is the adversary of what the "washing of the water of the Word" does, washes our mind out of falsehood, and establishes truth). Then medicine comes to wash the bodies out of their God-given immune system (through antibiotics which documentedly cause thousands of deaths per year); it washes out their God-given human uniqueness (with animal DNA in vaccinations which documentedly cause thousands of deaths per year); and it washes out their God-given nervous system with painkillers (which also documentedly cause thousands of deaths per year). I will summarize with a quote from Dr. Mercola's website, ([www.mercola.com](http://www.mercola.com)), "In most cases, conventional medicine does more harm than good." Then why does this deadly machine keep getting oiled? Because it keeps it's oilers in 6 digit incomes and powerfully influential. Another summary quote, "It is evident that the American Medical System is the leading cause of death and injury in the United States", (taken from 5 doctor panel on Death by Medicine DVD). And now I will quote from God's Word to summarize; God is judging the great Babylon and says to her, "By your 'pharmakeia' all the nations were led astray" (Rev. 18:23).*

*These two, media and medicine, have set themselves up as rulers, the Goliaths of our day, to try to crush any Noah company. Their sphere of influence is growing faster than even our government--it has even been said that the media is the fourth branch of the government. They both now have the power to walk into/influence any home without asking--media through people using the internet; and medicine because almost all of us living have vaccinations still in us, (as we go from house to house). When the Journal of the American Medical Association just recently stated, "Ritalin is much like cocaine", and the "church" doesn't fall prostrate, weeping in repentance, for letting thousands of her young succumb to this, Houston, we have a major problem.*

*Jesus clearly taught in Matt. 24:37-44 that there would be a coming of Him that would parallel the days of Noah.*

*The Lord clearly showed me: just as it was the violence in Noah's day that brought down God's wrath (Gen. 6:13), the violence now is still apparent outwardly, but rarely apparent (except to the new underdogs of faith) in what is doing inwardly. Media brings this violence in through the eyes, and medicine brings it in through the mouths. (There is now even a case getting national attention of a man accused of killing his own baby. The baby was found dead with serious internal bleeding, shortly after dad had taken him for a routine vaccination; the*

*father is in prison for supposed murder). The powers of Hell are bringing this new more deceptive form of violence--the remnant must wake up! The media is filling not only the air waves with it, but they are violently slandering all who volunteer in God's underdog faith family. Medicine comes in the name of "good", but it's violence has an iatrogenic (doctor-induced) death list 1,000,000 names long every year now (see attached documentation). M&M's secret destructive violence is simply bringing the forerunner Noah families in tighter. These facts are sure: we will be the underdog; we will be attacked by the money men from the media and medicine; we will have to slay a "Goliath" spirit; we will need each other like never before; we will need a lot more of the Spirit's power; and we will need, as Colossians 4:2 says, to devote ourselves to prayer.*

*Satan is advancing the microchip slowly and surely.*

*The Lord told me that we are one of these Noah underdog families that He is raising up.*

*Let's not be accused of wasting His breath in us, or His time given to us to give back to Him.*

*"He who has an ear, let him hear what the Spirit says to the churches." Jesus Christ, Rev. 2:7, 2:11, 2:17, 2:29, 3:6, 3:13, 3:22*

# Death by Medicine, Part I

[ Part I, Ref. I, Part II, Ref. II, Appendix ]

## ABSTRACT

A definitive review and close reading of medical peer-review journals, and government health statistics shows that American medicine frequently causes more harm than good. The number of people having in-hospital, adverse drug reactions (ADR) to prescribed medicine is 2.2 million.<sup>1</sup> Dr. Richard Besser, of the CDC, in 1995, said the number of unnecessary antibiotics prescribed annually for viral infections was 20 million. Dr. Besser, in 2003, now refers to tens of millions of unnecessary antibiotics.<sup>2, 2a</sup>

The number of unnecessary medical and surgical procedures performed annually is 7.5 million.<sup>3</sup> The number of people exposed to unnecessary hospitalization annually is 8.9 million.<sup>4</sup> The total number of iatrogenic deaths shown in the following table is 783,936. It is evident that the American medical system is the leading cause of death and injury in the United States. The 2001 heart disease annual death rate is 699,697; the annual cancer death rate, 553,251.<sup>5</sup>

TABLES AND FIGURES (see Section on Statistical Tables and Figures, below, for exposition)

## ANNUAL PHYSICAL AND ECONOMIC COST OF MEDICAL INTERVENTION

Condition	Deaths	Cost	Author
Adverse Drug Reactions	106,000	\$12 billion	Lazarou <sup>1</sup> Suh <sup>49</sup>
Medical error	98,000	\$2 billion	IOM <sup>6</sup>
Bedsore	115,000	\$55 billion	Xakellis <sup>7</sup> Barczak <sup>8</sup>
Infection	88,000	\$5 billion	Weinstein <sup>9</sup> MMWR <sup>10</sup>
Malnutrition	108,800	-----	Nurses Coalition <sup>11</sup>
Outpatients	199,000	\$77 billion	Starfield <sup>12</sup> Weingart <sup>112</sup>

Unnecessary Procedures	37,136	\$122 billion	HCUP <sup>3,13</sup>
Surgery-Related	32,000	\$9 billion	AHRQ <sup>85</sup>
<b>TOTAL</b>	<b>783,936</b>	<b>\$282 billion</b>	

We could have an even higher death rate by using Dr. Lucien Leape's 1997 medical and drug error rate of 3 million.<sup>14</sup> Multiplied by the fatality rate of 14% (that Leape used in 1994<sup>16</sup> we arrive at an annual death rate of 420,000 for drug errors and medical errors combined. If we put this number in place of Lazorou's 106,000 drug errors and the Institute of Medicine's (IOM) 98,000 medical errors, we could add another 216,000 deaths making a total of 999,936 deaths annually.

Condition	Deaths	Cost	Author
ADR/med error	420,000	\$200 billion	Leape 1997 <sup>14</sup>
<b>TOTAL</b>	<b>999,936</b>		

**ANNUAL UNNECESSARY MEDICAL EVENTS STATISTICS**

Unnecessary Events	People Affected	Iatrogenic Events
Hospitalization	8.9 million <sup>4</sup>	1.78 million <sup>16</sup>
Procedures	7.5 million <sup>3</sup>	1.3 million <sup>40</sup>
<b>TOTAL</b>	<b>16.4 million</b>	<b>3.08 million</b>
